Physical Disability (PD)

CREATIVE EDUCATION FOR THE NEURODIVERSE

KNOW THE PEDAGOGY

01

SCHEMA

A mental map of how information all fits together

02

SCAFFOLDING

Temporary support for tasks before students can do them independently

03

COGNITIVE LOAD

How much executive function (e.g. working memory) is needed for a task

04

METACOGNITION

Helping students reflect on the way they think and learn

05

IPSATIVE ASSESSMENT

Assessing progress against past performance rather than age or stage
